

**Membership for the Board of Directors of the Port Angeles Symphony Orchestra.**

The board normally meets on the fourth Monday of the month, August through May. Each board member is expected to serve on at least three committees, one of which must be our fund-raiser, Applause! Auction, held annually near the first week in March. Each board member is expected to gather items to be auctioned and participate in the auction activities. This may include cold calls on area merchants to solicit auction items. Every board member is also asked to make a financial contribution to the orchestra that is appropriate for the individual board member. If interested, please complete and return the questionnaire below.
